

# Krannich Commercial Storage system Checklist **order phase**

The following steps are necessary in the course of order processing.  
Please also note the time-sensitive points in the process.

1. the commissioning package required by the manufacturer must be booked
2. the advance payment must be made on time
3. if necessary, check and submit the manufacturer's checklist
4. appointments, if necessary also on site, as part of the IBN (commissioning) package must be coordinated in good time
5. the dates of all partial deliveries must be coordinated in good time
6. all necessary preparations and inspections on site must be carried out

(Details can be found in our Commercial Planning Guide and in the service overview of the booked IBN package)

**The following should also be agreed in advance:**

- Existing connection confirmation from the DSO

For further recommendations and tips, please refer to our [Krannich Commercial Planning Guide](#).
